

NARC Spring VHF QSO Party
Instructions for Log Sheets

Logs for the contest must be turned in on the official log sheets. Handwritten logs must be printed and legible. Any contact which cannot be read will not be counted for points. Log sheets can also be turned in electronically via the supplied Excel spreadsheet and e-mailed to springqsoparty@nixahams.net or printed off and turned in.

Log sheets are to be completed including the number of the page and total pages to be sure all of your contacts are counted.

A Contest Summary sheet should be filed with your logs including all your totals and your claimed score. Logs need to be received no later than Saturday May 10, 2010 at the NARC address listed, or the logs can be turned in at the May Nixa ARC meeting in person. No logs will be accepted for a score after May 10, 2010.

If not turning logs in at the May 2010 Nixa ARC club meeting or e-mailing them electronically, you may mail the logs to:

Nixa ARC
Spring VHF QSO Party
PO Box 467
Nixa, MO 65714-0467

Just like in any contest, please turn in your log no matter how many contacts you make. You never know when you might be the high score in that category and logs can also be used to cross check and confirm other contestants scores. Everyone's participation is greatly appreciated.

Thanks again, and see you in the contest!!
